Welfare Society in Action

"I was off work with PTSD and in a real slump. Our rep came and visited. We had a chat, he brought a basket with some flowers, chocolates and a card. It was amazing and lifted me immensely. That card now sits on my kitchen windowsill and whenever I look at it, I know someone is there and cares about me."
 "Thanks for the hamper, it was thoughtful. We're genuinely touched."

"Our little girl was home from school recovering after an operation. When our Rep made contact he asked what our girl liked, he wanted to help her. Wow, when they showed up with the best selection of colouring in books, pens and pencils, it really brightened her spirit. The Welfare Society personalised their support and brought our little girl's smile back. Thank you for all your hard work."

Thanks for the hamper, it was really thoughtful. We were genuinely touched.

Huge help when flooded. The assistance was, and still is amazing.

"I would like to thank you and the Welfare Society for your help and assistance whilst I was in hospital and upon my return home. It has been a bad year for me health wise, but it is reassuring to have the help and support of the welfare. I would highly recommend the joining of the Welfare Society and Healthcare 99 to everyone. It makes such a big difference to know people are there to support myself and my family.

Once again thank you for all your hard work."
